

2022 VIRTUAL LONDON MARATHON

JOIN THE GLOBAL SOUTH AFRICAN
CHAMBERS SIX CONTINENTS

Charity Team

IN SUPPORT OF **Breadline**
AFRICA

The virtual TCS London Marathon gives you the freedom to take on 26.2 miles (42.2km) your way, on the route of your choice, at any time from 00:00 to 23:59:59 BST on Sunday 2 October 2022 – the same day as the mass event in London. As long as you start and finish within the official event period (00:00 to 23:59:59 BST on 2 October) you can break your virtual marathon down into as many sessions as you like by using the pause functionality on your tracking device. Your official result will be based on your total elapsed time. You can do it with friends or on your own, from home or away, in stages or all at once – it's up to you!

BACKGROUND ON BREADLINE AFRICA

Breadline Africa, one of the biggest suppliers of converted shipping containers for poverty relief in Southern Africa, has provided more than 865 infrastructure units to poverty-stricken communities since its establishment in 1993. The South African based non-profit organisation believes that every child has the capacity to do something phenomenal with his or her life. The renovated containers and prefabricated units are used as kitchens, classrooms and toilets at early childhood development centres (pre-schools), and as feeding kitchens and libraries at primary school. Their goal is to place 1,000 infrastructure units by 2023 impacting more than 250,000 children.

KUHLEKE-INATHI-MBALE EDUCARE NEEDS OUR HELP

Principal, Nosabatha Lukubeni started her educare in her own home with 10 children. The need in her community continues to grow and she now has 30 youngsters, with many more wanting to join. They are quickly outgrowing their current shack structure and a new safe space will allow Nosabatha the opportunity to offer a safe and comfortable environment for the children. All 30 children and teachers are using one shack for the pre-school classroom, kitchen and one small toilet. It is not hygienic or safe for them to continue in this space. A new, safe classroom and separate kitchen and toilet will also bring them closer to being eligible for a government subsidy. By running the virtual London Marathon and with your donations, we hope to provide Kuhleke-Inathi-Mbale Educare with safe classrooms and hygienic kitchen and toilet facilities. Let's give these children a safe and nurturing environment to grow and learn in.
